

PUBLISHING AND INNOVATION AT SPRINGER NATURE

Speakers: Dr Sofia Costa, Editor Chemistry Books & Dr Cansu Kaya, Associate Publisher, Chemistry Journals

Duration: 1h30

About the Workshop: *Interested in learning more about how to publish your next book? Curious about how to publish an Open Access article in the journal Photochemical & Photobiological Sciences? Join the "Publishing and Innovation @ Springer Nature" workshop to hear about the 5 easy stages in the publishing process, open access journal publication, the latest AI-based author services, and how Springer have helped many authors, just like you, publish with us to communicate their ideas to a global audience. The Chemistry book portfolio will also be introduced, with a closer look at the Comprehensive Series in Photochemical and Photobiological Sciences book series, followed by a Q&A session to answer all your publishing questions.*
